Jackie Conaway

5¢ CRV Redemption

Democrat candidate for Congress, Jackie Conaway, has failed to appear at multiple appearances, including the Barstow Debate, the Victorville Debate, radio talk shows, a Newberry Springs Community Alliance video interview, and many invited public events to present her views and plans for Congress.

In fact, we don't know of her speaking before any general public group.

Now aging in years, and unable to speak anything more than a rambling of generalities, she has gone undercover and is hiding out and dependent upon her husband and ghost writers to handle her campaign. She is solely relying upon her old and past name recognition.

If seen, approach with caution, and demand that she make public appearances so that you may know her current abilities to represent you before Congress. Don't vote blindly.

CAN YOU HELP US?
